

Santiago, January 28th 2020

## PARTICIPATION CERTIFICATE

Hereby, it is certified that **Estefano Muñoz**, who belong to the **STEM Group, from Department of Mechanical Engineering, University of Santiago de Chile**, has participated as an scientific expert collaborator in the outreach program "Science Festival" (Festival de la Ciencia - <https://www.festivaldelacienciasurponiente.cl/> ) organized by the *Proyecto Asociativo Regional Región Metropolitana Sur Poniente* ([www.explora.cl/rmsp](http://www.explora.cl/rmsp) ). This Festival, held between November 11th and 15th 2020, aimed to bring science and technology closer to the community through the slogan "Let's celebrate limitless curiosity".

In his work as a collaborator, Estefano Muñoz supported activities carried out within the framework of the Science Festival, contributing to science communication in his area of expertise. This certificate is issued to certify his participation in activities for the assessment and communication of science and technology.
